

Guest Rooms

The front portion of The Inn at *isaiah tubbs inn & resort & conference centre* is a beautifully restored late 1820's brick farmhouse. Only the closest scrutiny of the structure reveals where extensive additions have been made. The Inn houses 31 country comfortable guest rooms and suites and The Inn Annex houses 10 rooms on two levels. Furnished and decorated to provide a relaxed country atmosphere, each room is air-conditioned and supplied with a colour television, telephone, clock radio and individual temperature control. Guest rooms overlook our gardens, swimming pool, ponds or woods.

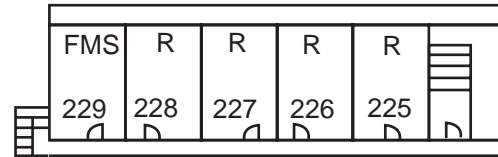

Our newest addition, The Beach House, is located on our own private sandy beach near The Restaurant On The Knoll... on West Lake. Each of the three rooms is a two-storey suite with king-size bed, fireplace and jacuzzi. Enjoy a spectacular view of the lake from your own private porch.
