

Reducing Our Footprint

At ***isaiah tubbs*** we strive to be as economically friendly as possible by actively participating in the following:

- Recycling
- Using energy efficient light bulbs
- Using 'dimming' lights in our restaurant and many of our rooms
- Environmentally friendly cleaning products
- Laundry service: commercial gas dryers are used
- Composting food scraps
- Composting grass, foliage and natural debris
- Supporting local farmers and food producers by shopping locally
- Pesticide free gardens and grounds
- Biodegradable shampoos and soaps
- Natural gas and wood heating
- Screened windows and porches located in all guest rooms, meeting rooms and The Restaurant on the Knoll
- Starting plants from seed
- Herb garden onsite for our kitchen
- Plant sharing with staff members
- Any guest booked for an extended stay will have their sheets changed every three days (unless requested otherwise)
- Towel Re-Use Program

Thank you for supporting our decision to be thoroughly committed in reducing our environmental impact.
